■ WHAT RALLYNEX TRULY IS

Rallynex is the home for lonely passions.

It's where people who care deeply about causes find their community and build movements together.

Not a fundraising site - a community home.

One-Liner:

"Rallynex turns lonely passion into powerful togetherness."

Your User:

Anyone who has ever felt alone in caring about something important.

The Problem You Solve:

The emotional isolation of modern activism.

■ YOUR 90-DAY BATTLE PLAN

Phase 1: Find Your First 30 Builders (Days 1-30)

Daily Mission:

- 45 mins Facebook Groups: Find 3 people expressing passion but frustration
- 15 mins Twitter: Share one "lonely to together" story
- Send 3 DMs daily using this script:

"Hi [Name], I saw your post about [their cause]. It's tough feeling like you're alone in caring, right?"

I built Rallynex as a beautiful home where passionate people can build communities around causes.

Would you like to create your cause's home?"

Success Metric: 30 active community builders

Phase 2: Document the Magic (Days 31-60)

Daily Mission:

- Help 1 creator post an engaging update
- Share 1 community win on Twitter
- Record 1 short video of community engagement

Success Metric: 5 thriving community case studies

Phase 3: Scale the Feeling (Days 61-90)

Daily Mission:

- Get 1 referral from existing creators
- Systemize onboarding
- Track what makes communities stick

Success Metric: Self-sustaining community growth

■ YOUR MARKETING LANGUAGE

Never say: fundraising platform or crowdfunding

Always say: community home for causes or where passions find people

Facebook Groups – Look for:

- "I wish more people cared about..."
- "Feeling frustrated that..."
- "Trying to make a difference but..."

Twitter Content:

- Monday: Alone → together stories
- Tuesday: Engagement tips
- Wednesday: Creator spotlights
- Thursday: Behind-the-scenes
- Friday: Weekend community push

■ REMEMBER YOUR MAGIC

Unfair advantages:

1. Beautiful design
2. Soundtracks with emotional anchors
3. Flying hearts that make support visible
4. Community focus that reduces loneliness

You're not competing with GoFundMe. You're healing the emotional gap between Instagram likes and cold transactions.

■ SUCCESS METRICS

Forget money. Track:

- Active communities
- Daily engagement
- Creator happiness
- Community growth

Phase 1 Goal: 30 creators

Phase 2 Goal: 5 case studies

Phase 3 Goal: Organic growth

■ WHEN DOUBT COMES

Ask:

- Did I help one person feel less alone today?
- Did I strengthen one community today?
- Did I stay true to our emotional purpose?

Mantra:

"I'm not building a company. I'm building a home for the heart of activism."

■ HARD TRUTHS

1. You will feel alone – that's why you understand your users

2. Progress is slow – community is gradual
3. Some won't get it – they aren't your people
4. Your emotions are your compass

■ DAILY CHECKLIST

- Send 3 DMs
- Post 1 Twitter thread
- Help 1 creator engage
- Remember why this matters
